Thanks. The proposed revisions are acceptable with one minor exception. We request that the last sentence of the final bullet point under River Rouge Site Investigation be revised to read: "The number of sampling parameters for the future site investigation sampling may be reduced by agreement of the Custodial Trustee and the Lead Agency."

Please call me if you have any questions.

 Attached please find a revised draft of the Exhibit B forwarded to us yesterday by Brian Monroe with my suggested revisions to the document. The suggested revisions are reflected in track changes. Please let me know if these are acceptable and I will circulate an execution version of the Settlement Agreement and related exhibits. Thanks!
